This Permit shall be posted at all times and is issued with the requirement that the Permit Holder allow the Board of Health access to conduct inspections without notice during all hours of operation. Failure to allow inspection access or operate in compliance with State and local regulations and laws is grounds for suspension or revocation of this Permit.

Permit is granted to the above to pump and haul septage as described on the Application.

- Pump and Haul Septage and Grease Traps
- Provide and Service Portable Toilets
- Other as described on the approved Application

Pumping records must be submitted to the Board of Health within 14 days. Septage must be transported in an approved vehicle and disposed of at a site approved by the Department of Environmental Protection without creating a nuisance or a health hazard.

Permit is also subject to the following special conditions
